

Spanish A1 — Session 10 Homework

Crescere | Beginner Spanish | Session 10

Complete before Session 11 | Estimated time: 25–35 minutes

Part 1 — Family Description Paragraph (5–7 sentences)

Write a description of your family, household, or the people closest to you in Spanish. This is the written version of what you practiced in the speaking round — use your notes from class as a starting point, then expand.

Required elements (must appear at least once each):

- ☐ *Tener* used for age (*tiene/tienen X años*)
- ☐ *Ser* used for identity, profession, or origin
- ☐ *Estar* used for a state or current condition
- ☐ A regular verb (*trabaja, vive, estudia, habla, come, escribe...*)
- ☐ *Mi, mis, su, or sus* (possessive with correct number)

Common mistakes to avoid:

- Soy / es / son* for age → always *tengo / tiene / tienen + años*
- Mi hermanos* → the possessive agrees with the noun: *mis hermanos*
- Es cansado/a* for a state → states use *estar*: *está cansado/a*
- Estoy hambre* for hunger → *tengo hambre* (it is a *tener* expression)

Example paragraph (do not copy — write about your own people):

Tengo un hermano y una hermana. Mi hermano tiene cuarenta años y es ingeniero. Trabaja en una empresa en Barcelona. Está muy ocupado. Mi hermana tiene treinta y cinco años. Es profesora de inglés y vive en el extranjero. Mis padres tienen sesenta y ocho años. Están jubilados y viven en el campo.

Part 2 — Speaking Practice

Read your Part 1 paragraph out loud three times. Third time: no notes.

If you cannot get through it without notes on the third try, that is fine — it tells you which sentences need more work. Come to Session 11 ready to say it with minimal or no notes.

Part 3 — Extension (Optional)

If you want to push further, write 2–3 additional sentences about someone outside your immediate family — a close friend, a colleague, a neighbour. Use a subject other than *yo*:

- Mi mejor amiga se llama...*
- Mi compañero de trabajo tiene...*
- Una amiga mía es de... y vive en...*

Try using at least one verb or expression you have not used in Part 1.

Quick Check — Self-Review Before Session 11

Read through your paragraph and check:

Check	Question to ask yourself
Tener for age	Did every age sentence use <i>tener</i> ? No <i>soy</i> / <i>es</i> / <i>son</i> for age?
Ser for identity	Did you use <i>ser</i> at least once for profession, origin, or identity?
Estar for state	Did you use <i>estar</i> at least once for a condition (<i>está cansado/a</i> , <i>está jubilado/a</i> , <i>está bien</i>)?
Possessives	If the noun is plural, did you write <i>mis/tus/sus</i> — not <i>mi/tu/su</i> ?
Regular verbs	Did you include at least one -ar/-er/-ir verb (<i>trabaja</i> , <i>vive</i> , <i>come</i> , etc.)?
